

# SR&ED Doctors

SR&ED (Scientific Research & Experimental Development) is the government program that rewards companies that perform R&D in Canada. The program makes Canada a more economically competitive and scientifically advanced nation and it has been in existence since the 80's. The Canadian incentive program is one of the most generous R&D programs in the world. This is not a grant – you are entitled to this money under the Income Tax Act.

Most incorporated medical specialists qualify for this program.

If you answer yes to any of the following questions you could be sitting on an untapped refund.

- Is your medical practice incorporated?
- Do you practice in a field of medical specialty?
- Have you ever or would you like to define hypotheses and study clinical data in your field of medicine?
- Has your work resulted in an advancement in knowledge in a field of medicine?

There are only 3 criteria for eligibility plus evidence

- Scientific uncertainty
- Scientific advancement
- Systematic investigation
- Scientific content and evidence

You could qualify for a refund for your internal medical studies and formal research. But how do you get approved? ASK US!
