

SR&ED Clinics

SR&ED (Scientific Research & Experimental Development) is a government program that rewards companies that perform R&D in Canada. The program makes Canada a more economically competitive and technologically advanced nation and it has been in existence since the 80's. The Canadian incentive program is one of the most generous R&D programs in the world. **This is not a grant – if you qualify, you are entitled to this money under the Income Tax Act.**

Many medically supervised clinics qualify for this program.

If you answer yes to any of the following questions, you could be sitting on an untapped refund.

- Is your clinical practice incorporated? Do you have a BN?
- Do you practice in a field of medical specialty?
- Have you ever or would you like to study clinical data in order to reveal new clinical knowledge?
- Have you ever noticed clinical trends in your clinical practice?
- Have you developed new clinical treatments or therapies?
- Has your work resulted in an advancement of knowledge in a field of clinical medicine or medical specialty?

There are only three criteria for eligibility plus evidence:

- Scientific or medical uncertainty
- Scientific or medical advancement
- Systematic investigation
 - *plus* Technical Content

**You could qualify for a refund for your SR&ED Projects.
