

SR&ED Farms

SR&ED (Scientific Research & Experimental Development) is a government program that rewards companies that perform R&D in Canada. The program makes Canada a more economically competitive and technologically advanced nation and it has been in existence since the 80's. The Canadian incentive program is one of the most generous R&D programs in the world. **This is not a grant – if you qualify, you are entitled to this money under the Income Tax Act.**

Many incorporated farms qualify for this program.

If you answer YES to any of the following questions you could be sitting on an untapped refund.

- Is your farm incorporated? Do you have a BN?
- Have you encountered technological obstacles or scientific uncertainties in the course of your operations?
- Have you encountered challenges involving agricultural sciences, environment, plant or animal genetics or animal husbandry?
- Does your work involve horticulture, agronomy, viticulture, forestry, aqua culture & fisheries, dairy science or other agricultural sciences?
- Have you solved scientific problems by going beyond available knowledge, methods or standard practices?

There are only 3 criteria for eligibility plus evidence:

- Scientific uncertainty or technological obstacle
- Scientific or technological advancement
- Systematic investigation
 - *plus* Technical content

**Proudly Canadian
Owned & Operated**

You could qualify for a refund worth 68% of your expenses attributable to SR&ED projects. **How do you get approved? ASK US!**
